question

loop between

follow-up

chatter & meetup:

meetings, doing activities, go for a drink together, ...

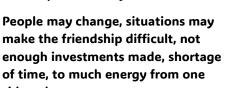

DEATH

The loop can die any moment.

People may change, situations may make the friendship difficult, not of time, to much energy from one side only, ...

period when becoming a close friend? Years? **Months? Dependent** on the situation & persons.

Both persons need to invest significant amounts of energy and time into the connection to keep it alive.

Frequency & intensity are important factors to balance out.
